

INDEXED OFFICERS KILLED TWO-GUN BANDIT!

Gigantic Bootleg Conspiracy Is Unearthed

FORGERY, BIGGERY, FRAUD, REVEALED; \$30,000,000 IS LOOT

(EXCLUSIVE DISPATCH.)
NEW YORK, Dec. 29.—The existence of a new highly organized bootlegging conspiracy through whose operations \$30,000,000 of alcohol and liquor is thought to have been turned on forged permits here since December 1, was revealed today by Federal Prohibition Director Ralph A. Day.

He said that in the month since he went into office some forty instances of fraudulent withdrawals have been detected, involving some \$2,000,000, and that there is no reason to believe that more than a small percentage of the forgeries have attracted the attention of his office, possibly only one case in 100.

"And the worst of it is," he went on, "that even when we find out the forgery, there is practically nothing that we can do. The vendor presents us with a complete set of all the paper required for withdrawal, and asks us how he could tell that they were forged. The vendor has given a false address and cannot be traced. Inspectors are working night and day on the conspiracy, but so far what we have been able to do is to prosecute the truck men."

FOUR CRIMES INVOLVED.
Forgery, mail fraud, bootlegging and the sale of liquor are the four crimes involved in the operation of the fraudulent withdrawal system. Paper bearing the water mark of the internal revenue service and government envelopes must be counterfeited, official letters must be imitated, withdrawal forms must be run off on the mimeograph and six separate forgeries, in some cases involving more than one name, must be committed before the most difficult task of all can be attempted.

This is the evasion of the enforcement of the law, the director said, charging that it is a conspiracy to defraud the government, and that the support of the most severe blow to the law is being given by the bootleggers. The director said that the bootleggers are using the most modern methods of the world, and that the support of the bootleggers is being given by the bootleggers. The director said that the bootleggers are using the most modern methods of the world, and that the support of the bootleggers is being given by the bootleggers.

METHOD IS REVEALED.
In every withdrawal fraud which has attracted Day's attention the vendor has shown the postoffice receipt for the registered letter, the return card, the answering confirmation. Postoffice inspectors are co-operating with Chief Hugh McQuinn's internal revenue department in an effort to run to earth the method by which these papers were obtained, but so far it is understood that they have had little success.

Some one connected with either the mail service or the prohibition staff, it is thought, must be working with the conspirators. The water marks on the paper used by the bootleggers are as perfect as those of the government, and the bootleggers are using the most modern methods of the world, and that the support of the bootleggers is being given by the bootleggers.

So far the forgeries have been detected only in cases in which the suspicion of inspectors on their monthly rounds of the warehouse has been aroused by some trifling improbability in the form. In one case a permit called for delivery from New York to Philadelphia by truck, contrary to the policy of the enforcement officer here. In others, the inspectors have known that the vendor named in the papers was not entitled to the amount set forth in the permit.

There is no chance of detection at headquarters, as the forged papers never pass through the hands of the officials. Director Day is working upon a plan which he hopes will enable him to detect all such fraud without prohibitive expense. Frauds of this kind are thought to have been practiced intermittently for some time but it is thought that the systematic operation recently revealed are a development of recent months.

: LATEST NEWS :

FIFTY-THREE STRIKERS HELD; ONE SHOT.

MINNEAPOLIS (N. Y.) Dec. 29.—Fifty-three alleged strike sympathizers were arrested and one man shot and slightly wounded late today in strike disorders.

RECORD-BREAKING ASPHALT STILL GOING.

MINEOLA (N. Y.) Dec. 29.—Asphalt block this morning, sixteen hours after Edward Stinson began his flight in an all-metal monoplane to break the world's continuous flying record of 24 hours, 19 minutes, 7 seconds, the machine was still in the air.

DES MOINES HAS \$400,000 BLAZE.

DES MOINES, Dec. 29.—A fire believed to have been caused by defective wiring, destroyed a large produce house, a four-story brick building, was damaged and the loss estimated at \$400,000, between midnight and 2 o'clock this morning.

NEW POSTAL RATES ARE ANNOUNCED.

WASHINGTON, Dec. 29.—The Postoffice Department announces that effective Jan. 1, 1922, the domestic postage rate of 3 cents an ounce or fraction thereof, will apply to letters mailed in the United States, destined for Argentina, Brazil, Costa Rica, Ecuador, Jamaica and Martinique.

MAN HELD IN STEVEDORE'S DEATH.

FRESNO, Dec. 29.—Ed Dougherty, caretaker on the Quayside Quay, was held by Sheriff J. M. Shannon, Oakland physician, in held by Sheriff W. P. Jones pending tomorrow's investigation of the death of Salvatore Cracchiolo, 34 years old, Berkeley stevedore, who was accidentally shot while on the quay with the physician, Wednesday evening. Officers state Dougherty has said he fired the shot, mistaking the man for a burglar.

SAILORS HONOR ITALY'S "UNKNOWN."

ROME, Dec. 29.—A liberty party from the United States battleship Utah, stationed at Naples, attracted crowds at the grave of Italy's "unknown soldier" today, when they placed on it a wreath inscribed "A Tribute From the U.S.S. Utah."

MRS. STILLMAN GOES TO CANADA.

NEW YORK, Dec. 29.—Mrs. Anna U. Stillman, who is being sued for divorce by her husband, James A. Stillman, millionaire banker, left for Canada today on what she said was the "beginning of a fight for my life." She was accompanied by her eldest son, James A. Stillman, Jr.

Mrs. Stillman will take up her quarters at the Stillman lodge at Grande Anne, Quebec. From there she said that, accompanied by her son and one of her lawyers, she would work up and down the St. Maurice and Rap rivers by sled and snowshoes, interviewing witnesses to be called in the divorce hearings scheduled to begin in Montreal, January 11.

TWO VICTIMS OF POISON LIQUOR.

NEW YORK, Dec. 29.—A gray-haired woman and a 14-year-old boy tonight were added to the list of New York victims of poisonous holiday liquor, which now totals nine dead and five blinded or seriously ill.

The woman was found lying on the sidewalk on East Thirty-fifth street, near Fifth avenue, and died en route to a hospital. In her hand was a slip of paper bearing the name "Miss Sargent." She was about 30 years old and well dressed. Medical examiners said she had drunk wood alcohol.

The boy, John Dooley, was taken from his home after losing consciousness. At the hospital, police announced he had been given liquor by neighbors and also had drunk some he found near his home.

NEW ENTENTE DISCUSSED.

Anglo-Italian Alliance May Be Outcome of Failure to Agree on Limitation of Submarines.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Dec. 29.—Italy is really worried over the attitude of France in refusing to yield on the submarine issue at the Washington conference and her delegates have been hinting at the possibility of a British-Italian entente, although they hope such a protective alliance will not be necessary.

"Italy sincerely hopes," said an authorized Italian spokesman today, "that the stand taken by France on naval armaments will not compel Great Britain and Italy to conclude an entente. We will wait and see. We hope that France is sincere when it states that she wants armaments for defensive purposes, because otherwise she would be dangerous to the whole world."

ITALY DISAPPOINTED.
The Italian delegation, this spokesman said, did not consider the Washington Conference to have failed entirely through the refusal of France to agree to a limitation of submarines and auxiliary naval craft, but Italy has been disappointed at the results. Failure of the conference to bring about naval limitation all along the line, he said, would be unfortunate and he feared that the results would be another naval construction race on submarines and auxiliary naval vessels.

"Such a consummation will cause the people of the world who are being taxed to ask if there is danger of a new war," he said.

The conference has been successful in disclosing the attitude of the different nations to the world. Italy and United States, he asserted, were shown to be in perfect accord. Italy has gone along with the United States, until checked by the opposition of France, on every reduction proposition to better economic conditions and to increase the will to peace.

FRANCE CRITICIZED.
"The American people," he continued, "now have a clear idea of the dispositions of the different nations."

OIL TARIFF UP AGAIN.

Fight is Renewed in Capital.

Conflicting Views Are Given to Senators Trying to Reach Agreement.

Harold Takes Up Task of Trying to Prevent Crude Coming in Free.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Dec. 29.—Varying duties on crude oil were proposed before the Senate Finance Committee today by spokesmen for midcontinent producers, and all duties were opposed by American producers operating in Mexico and representatives of various classes of oil consumers in this country.

Renewing the fight for a tariff levy which was lost in the House by an overwhelming vote, Senator Harold, Republican, Oklahoma, said he was satisfied with the original rates proposed by the Ways and Means Committee, 25 cents a barrel on crude and 25 cents a barrel on fuel.

A duty of one dollar a barrel was urged by Harry H. Smith of Tulsa, Okla., secretary of the Midcontinent Oil and Gas Association, who said this would equalize the difference in the cost of production in Mexico and in the mid-continent fields.

ANOTHER VIEW.
W. H. Gray of Tulsa, representing the National Association of Independent Oil Producers, urged that the President be empowered to assess a duty equivalent to the combined import and export levies imposed by Mexico, Colombia and Venezuela, from which the chief American imports come.

Spokesmen for the domestic producers said, and some members of the committee agreed, that the mid-continent industry was in bad condition at this time.

Mr. Smith said that 200,000 small wells would be shut out of production at present prices and a tariff ought to be enacted as a protection and a conservation measure.

SEE HIGHER PRICES.

Opponents of a duty on oil said a protection was not necessary and would serve only to increase the price to consumers. They laid particular stress upon what they said would be the effect on the farmers, the merchant mariner, the Navy, the consumers of manufactured goods, railroads and industries.

They also argued that higher-priced oil would increase the cost of and retard road building and building operations, and that since the government aided in constructing the roads it would have to pay for the duty. This was also true, they said, with respect to oil used by the Navy.

Speaking for the phosphate rock miners of Florida, users of 2,000,000 barrels of the oil annually, Mr. E. P. McNeely of New York told the committee that a duty on Mexican oil would increase the cost of producing phosphate rock, and that this, in turn, would be reflected in increased prices of fertilizers to farmers.

ASSETS HIGH COST.

Mr. Fleming said his company was getting Mexican oil delivered at 150 a barrel, as compared with 40 a barrel, which he asserted, would be the cost of laying down American oil in Florida.

The American Automobile Association, through Mr. O. Eldridge, opposed the proposed duty on asphalt as well as that on oil.

"Conservative estimates of the increase in the price of gasoline derived from Mexican oil, resulting from the proposed duty, said Mr. Eldridge, "reach from 2 1/2 cents to 7 cents per gallon, and the entire gasoline supply would bear an additional burden cost, on an estimated consumption in excess of 4,000,000,000 gallons per annum, of about \$140,000,000."

"A tariff on oil would place a premium on the rapid depletion of this, one of our greatest natural resources; furthermore, it would enable and encourage foreign countries to monopolize foreign supplies of petroleum."

The committee was told by James L. Ackerson of Philadelphia, representing the Petroleum Ship Owners' Association, that the proposed duty on oil would increase the operating costs of the emergency tariff for the cottonseed oil industry was asked by John Aspreen of New York City, speaking for the Portsmouth Cotton Oil

HOLD-UP LOCKS CASHIER INSIDE VAULT; ROBS BANK; SLAIN IN EXCITING CHASE

(BY A. P. NIGHT WIRE.)

STOCKTON, Dec. 29.—After having held up and robbed the Lockwood bank today, an unidentified two-gun bandit was shot and killed in a fight with Deputy Sheriff Jess Wheatley of San Joaquin county and City Marshal Jack Madrid of Tracy an hour and a half later. Deputy Wheatley was seriously wounded, and is now in the Stockton Emergency Hospital. He is expected to recover. Marshal Madrid was shot in the elbow.

The bandit had selected a time to hold up the banking institution, branch of a Stockton bank, when the cashier, S. S. Krowbridge, was alone. The cashier was ordered to "stick 'em up," and then backed into the vault, where he was told to pass out the money. Krowbridge handed out a package of bills and a roll of nickels, the bandit, evidently thinking he had the bank's wealth, locked the cashier in the vault, and going to the counter, swept some loose change and currency into a bag.

CASHIER RELEASED.
As he walked out of the bank he brushed against C. L. Clifford, who as he entered noticed a sack hanging under the fellow's coat. Krowbridge from within the vault told of what had happened, and Mr. Clifford was released.

The news "went spread," and Deputy Wheatley, heading through Lockwood, started in pursuit, not far from the bank. The bandit, who was driving a light touring car near the San Joaquin River bridge, the rubber immediately whipped out a gun and began firing, and in the fusillade that followed, a bullet from the bandit's gun entered the deputy's forehead, killing him instantly. Other shots hit him in the chest and back. Four bullets from the sheriff's gun found a mark on Wheatley, one passing through his neck, one in the thigh, one in the hip and another going through his hat. The bandit's gun missed fire on the fifth shot, whereupon he drew another, and a shoulder holster and continued firing, until the deputy shot killed him, and during which Marshal Madrid received his wound.

FIND EXPLOSIVE.

In the car was found a money bag made of a lady's black glove containing \$244, the amount stolen from the bank, and in the bandit's pocket was found \$12 in cash. The car was also equipped with the camping outfit, bearing the name "W. R. Rutenberger, First Lieutenant, Company D, Eight Hundred and Sixteenth Infantry, personal property."

The dead bandit is between 35 and 40 years old, of medium height and weighs about 150 pounds. Along his right side is a fresh wound, evidently recently inflicted by a grazing bullet.

CHASES WIFE IN PLANE.

Flight and Pursuit From Havana to Key West Told in Suit for Separate Maintenance.

(EXCLUSIVE DISPATCH.)
NEW YORK, Dec. 29.—The flight of a wife from Havana to Key West, Fla., in an airplane, and her husband's pursuit of her in another plane, which failed by only two hours of catching her, was told today in the suit for separate maintenance brought by Mrs. Beatrice Horner of Nutley, N. J., against her husband, Gladstone, before Vice-Chancellor Backus in Newark.

Horner was arrested last night at her parents home in Nutley by Deputy Sheriff Lester on a writ obtained by his wife. He was required to furnish a bond of \$2000 to leave the State until the determination of the action and as he could not furnish it, he was locked up in jail.

WENT TO HAVANA.
Mrs. Horner, who was Miss Beatrice Kaufman, of Newark, N. J., Nutley, stated in her complaint that she and Horner were married June 3, 1917, and that after he had enlisted, and active service overseas and returned to this country in May, 1919, they went to live on a sugar plantation in which he was interested two miles out of Havana. In January, 1921, she said, a child, Gail Juanita, was born to them.

In April last, according to her charges, he had a quarrel during which he told her to leave. Acting on this she took Gail Juanita in her arms and walked the two miles to Havana. There she rested a while and took an airplane for Key West, where, under an assumed name, she registered at a hotel.

FOLLOWS IN PLANE.

Horner discovered her absence a short time after she left and followed her post-haste to Havana.

(Continued on Second Page.)

"SOMEONE MUST MOVE TO AMEND RULES OF WAR"

Arms Meeting Should Give Voice to Humane Opinion of World Declares Elihu Root.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Dec. 29.—A resolution by Elihu Root reaffirming existing rules of naval warfare for surface craft and strict application of this code to submarines operating against merchant craft was accepted in principle today by the committee of the Arms Conference.

Mr. Root's second proposal for a new rule of international law to outlawing entire submarine operations, which was still under discussion when the committee adjourned for the day, it had been urged in address by each member of the American delegation and approved formally for the British group by Arthur J. Balfour, the original proponent of the proposal.

In the form in which the proposal was approved in principle and sent to subcommittee for final drafting, the Root proposal would prohibit the use of submarines against merchant ships, but not against warships. The Root proposal would also prohibit the use of submarines against merchant ships, but not against warships.

OWNER GETS VESSEL AND LIQUOR BACK.
Sherman Yacht is Released by Order of Daugherty; Dry Agents Erred.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Dec. 29.—Orders for the restoration to the owner of the seized yacht Patricia and the 100 cases of liquor found aboard it recently when the craft was taken into custody by prohibition agents, were received by U. S. Atty. Williams today. The yacht is the private property of James Shewan, wealthy New Yorker, whose arrest and subsequent release on bond followed the yacht's seizure a few weeks ago at Monterey Bay, Cal.

The orders came from U. S. Atty. Gen. Daugherty, who said investigation had proved the yacht was under British registry and that prohibition agents had erred in seizing it.

The craft will leave shortly for its home port, New York. The charges against Shewan of violation of the liquor laws will be dismissed.

will be our condemnation."

ROOT WANTS VOTE.

Mr. Root said he opposed reference of the resolution "to a committee of lawyers or to any other

"I ask for a vote upon it here," he said.

Sir John Salmond, for New Zealand, also made reference to a local committee, but warned against

gals committee, but warned against haste. He pointed out that "read literally," paragraph three of article one, would mean that even a merchant ship which refused to stop when signalled by a subma-

He also said article two had not disclosed its relation as a proposed eventual substitute for ar-

Senator Lodge declared "simplicity of statement" was the first aim in reaffirming the rules of warfare and that the Root resolutions are

accomplished that object. He supported Mr. Root's argument and opposed reference to a legal committee, saying there were in the delegations those able to put the statement of the submerged sales in

DECIDE ON POLICY.
 "What I should like to see done by the conference," he said, "is to decide on a policy."

This policy has been presented and will not down. The world today wants an unequivocal declara-

"What will be the alternative if we fail to reach this decision? We shall leave the door of uncertainty

—open to the type of man commanding the submarine which sank the Lusitania—open to the people who wish to wage war in that way.

the world may hear the voice of this conference speaking clearly against the continuance of the use of submarines for the destruction of merchant vessels and innocent lives, those of women, children and

Senator Underwood expressed "heartly concurrence" with Mr. Root's views.

"I believe we have now reached at this table," he said, "the dividing of the ways as to what the conference stands for. Are we to proclaim that we are still tied to the dead body of the war that is

past, or that the civilized nations of the world desire to attain and accomplish new ideals of peace, that we intend to put war behind and peace ahead?

If we are only met here for a temporary armistice, if we are only temporarily tired of war, with our treasures exhausted—if we agree to fly the white flag for a few years until we grow strong for war

again, let us adjourn now and let the horrors of the next war teach statesmen the lesson which is necessary, that civilization may progress toward the ideal of permanent peace.

"If we are met here only to save dollars or francs or shillings for a few years we had better adjourn."

SCHANZER EXPLAINS.

Senator Schanzer said a misunderstanding as to Italy's position appeared to have arisen which he could not "for one instant allow" to continue. It must not be thought that the Italian delegation was

"It is surely not the Italian delegation that one could reproach for..."

The Italian purpose had been, he said, merely to bring out such ex-

planations of the wording of the Root resolutions as those "Mr. Root has been kind enough to give." Italy, he added, would not press the suggestion for reference to a committee of inquiry.

RAIL SITUATION IS DISCUSSED.

Traffic Must Increase, Opinion of Walker D. Hines.

Declares Condition Hard One to Appraise.

Roads Have Had Little Chance to Grow Rich.

EXCLUSIVE DISPATCH. PITTSBURGH, Dec. 29.—"There never was a time in the history of our country when the railroad situation was as difficult to appraise as it is today," declared Walker D. Hines, former Administrator of Railroads, in an address before the American Economic Association holding its annual meeting in this city.

Prior to Federal control the railroads, according to Mr. Hines, had no opportunity to make vast profits out of the war, they had comparatively small reserves at the beginning of the war, and they had no chance to build up large reserves to any large extent out of government rental during the war.

Following is an abstract of the address on the railroad situation which Mr. Hines delivered before the association:

SPECIAL DIFFICULTIES. There are two special difficulties in getting a satisfactory idea as to the present or prospective situation of our railroads.

One grows out of the state of mind which tends to be absorbed in erroneous and fragmentary discussions about Federal control instead of making a comprehensive study, with due perspective and balance, of the great question as to how many billions of dollars it is going to cost to operate the railroads in the future.

A single illustration of this state of mind is afforded by the disproportionate attention given to erroneous impressions about the "National Agreement" with the shopcrafts, a matter which I shall discuss on another occasion. The erroneous discussion has led the public to think the agreement imposes several hundred millions of dollars of new cost on the railroads, whereas such is not the fact and no such savings are to be expected from modifications of the agreement.

The other special difficulty grows out of the facts themselves, since they involve so many fluctuations as almost to defy intelligent comparison of operations.

This is emphasized by reference to some of the abnormal conditions in the last four years, tending to upset all comparisons.

HEAVY CONGESTION. In 1918 there were the extraordinary congestion at the outset, the severest winter known, the general increase in wages in May of 1919, 600,000 per year, the rate increase in June, the wage increase in July to the shopcrafts, amounting to \$285,000,000 per year, the wage adjustment in September for clerks and maintenance of way employees of about \$190,000,000 per year, the armistice in November and the resulting acute slump in business, and the wage readjustment in December of telephone and station agents of about \$25,000,000 per year.

In 1919 there were the continued business slump in the first months, the wage readjustment in March for train and engine men, amounting to about \$46,000,000 per year; the strike of the shipmen and engine-house men, the wage readjustment in September to about \$50,000,000 per year; the first nationwide bituminous coal strike in November and December and the wage allowance in January of time-and-a-half to train and engine men in freight service at a net cost of about \$13,000,000 per year, and of time-and-a-half after eight hours for clerks and maintenance of way employees at a cost of about \$25,000,000 per year.

In 1920 there were the severe winter weather, the switchmen's strike creating acute transportation crisis and necessitating action under Interstate Commerce Commission's direction of transportation operations; the strike necessary to handle traffic; Labor Board's increase in wages variously estimated at from \$418,000,000 to \$500,000,000 per year, the rate increases in September and the extraordinary slump in business in the late fall.

In 1921 there were the continuance of the slump in business, the wage reduction July 1, cutting off about one-half of Labor Board's increase in 1920, and probably the most unprecedented curtailment of maintenance which the railroads have ever seen.

The results of these kaleidoscopic conditions and of other conditions were that the net operating income of Class I railroads showed a deficit of \$2,500,000 in 1920, a deficit of \$1,000,000 in 1921, and a deficit of \$1,000,000 in 1922.

TRAFFIC MUST INCREASE. There cannot be a return of railroad prosperity until there shall be a substantial increase in the volume of traffic; but even with a return to normal traffic, there will be the grave necessity of finding new ways to reduce the cost of operation. Particularly, there should be concentrated upon terminal work and upon maintenance work an amount of attention corresponding to that which has been concentrated in the past on increasing the traffic.

45 per cent of the total operating expenses relates to terminal and maintenance cost and it is supremely important to devise methods of performing the necessary terminal and maintenance work more economically.

SAYS PREFERENTIAL TARIFF FATAL MOVE. (BY A. P. NIGHT WIRE.) LANSING (Mich.) Dec. 29.—The proposed preferential tariff on Cuban sugar is described as a menace to Michigan's sugar-beet industry in a statement issued today by J. A. Doelle, director of the agricultural department for the State Department of Agriculture.

"The price of sugar will not be lowered to the consumer by the tariff," the statement declared. "It would be a calamity to the Central States and the nation if the present tariff is not retained on Cuban sugar."

FOOD GOING TO RUSSIA. WASHINGTON, Dec. 29.—Three former German ships have been chartered by the American Relief Commission to carry food to Russia. It is understood they will sail within two or three days.

THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish.

A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en Español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del sur-oeste de Estados Unidos. En esta ciudad actualmente hay mas de 15,000 personas que se dedican al estudio de la lengua española.

NOTAS TELEGRAFICAS. Arreglos Anglo-Italianos. WASHINGTON, diciembre 29.—Como resultado de las muchas veces que los delegados franceses se han rehusado a convenir en que se limiten la construcción de submarinos, hubo una discusión entre los delegados esta tarde para llegar a un arreglo entre Inglaterra e Italia, que se usase en caso de que Francia tratara de tener dominio en Europa. El presidente de la conferencia, el Sr. Balfour, estaba siendo considerado, pero expresó sus deseos y confanzas de que Francia aun podía llegar a un acuerdo con Italia para la limitación de los buques submarinos.

La cuestión de los submarinos. WASHINGTON, diciembre 29.—Una proposición para que las cinco naciones mas grandes del mundo, se comprometan, a no hacer uso de submarinos, por tal arreglo, se presentó en la conferencia mercante, fue hecha por Inglaterra y secundada por los Estados Unidos de Norte América, durante la conferencia de esta tarde. Francia, Italia y el Japon, han publicado sus ideas a este respecto manana, cuando se reanudarán las sesiones.

El Gobernador Small fue Exonerado. WAUKESHA (Ill.) diciembre 29.—El Sr. Gobernador Len Small fue exonerado esta tarde de los cargos que se le hicieron, por tal arreglo, responsable del desfalco pecuniario del estado y cuya acusación fue presentada en su contra por el Sr. Gobernador Small.

La corte, sin embargo rehusó el dar por concluidos los cargos, en contra del mismo mandatario hay por conspiración, por lo que se espera que el Gobernador Small, tenga que aparecer ante el tribunal del pueblo durante el mes de enero proximo.

Banco Que Cierro Sus Puertas. ROMA, diciembre 29.—La Banca Italiana di Sconto, de 150 sucursales en Italia, Francia, España, Brasil, y las Colonias Francesas, cerro sus puertas al publico hoy, sobreviviendo de la modificación que el gobierno hizo a la ley de moratorium, en la que se permite la suspensión de los pagos hasta, que hayan sido terminadas las diligencias judiciales. Todas las sucursales de la Banca en Italia han sido cerradas. La sucursal del banco en esta ciudad, estuvo protegida por la policía, todo el día, mientras que infinidad de gente que tiene dinero depositado en esta institución se reunían en frente del edificio.

NOTAS LOCALES. Las Tarifas de Los Telefonos Son Aumentadas. Ayer en la tarde el Sr. Lic. Stephens, victorioso, votó contra la orden concedida a la compañía telefonica del sur de California, para que aumente con un 10 por ciento las tarifas de las llamadas por el uso de telefonos. Esta demostración fue hecha ante la junta de los directores de asuntos publicos, para que se sea reconsiderada. Teniendose en cuenta el pestoso servicio que la compañía asegura a los usuarios de esta aorta, muchas sorpresas agradables. El asalto principal se dio en Young Brown y al Mariner Kramer.

DEPORTES. Fútbol. El team de Washington Jefferson, en camino para Pasadena donde juzara contra el team de California el día del ano nuevo, hizo una parada en el Gran Canon ayer para practicar.

Luchas. Constantine Romanoff y Jack McDonald tuvieron una lucha en esta ciudad anoche, la que resulto empatada. Romanoff fue puesto de combate en 15 minutos por los oponentes, pero gano el segundo golpe, logrando poner a su adversario en el suelo en 25 minutos. Los luchadores se esforzaban por un tercer golpe, cuando el referee suspendio el match por haber expirado el tiempo.

Boxeo. Las exhibiciones de box serán reanudadas en esta ciudad hoy en la noche, en el pabellon que para el efecto hay en Hollywood. El programa asegura a los amantes de esta aorta, muchas sorpresas agradables. El asalto principal se dio en Young Brown y al Mariner Kramer.

SCIENTISTS TO SEEK PRIMITIVE MAN'S LAIR. NEW YORK, Dec. 29.—Bayard Colgate of Orange, N. J., is giving up a life of luxury to search for the "missing link."

Mr. Colgate, whose father is a millionaire, and a member of Colgate & Co., soap manufacturers, will be a member of the third Asiatic expedition which will sail in February. They will spend more than six months in the interior of Mongolia, searching for records of primitive man.

Roy Chapman Andrews of the Museum of Natural History is to head the expedition. Mr. Andrews is now in Peking making arrangements for the journey. There will be seven in the party, all of them scientists except Mr. Colgate. He will be placed in charge of the motor transportation. To obtain a working knowledge of the trucks and automobiles which he has forwarded to Peking for the use of the party, he recently spent some time working as a factory hand in one of the western automobile plants.

The party will leave modern civilization after departing from Urga, in Mongolia. It is Mr. Andrews' theory that primitive man had his being in that part of the world, working toward an air plane.

Mr. Colgate will travel in advance of the party, planning routes and arranging for the transportation of supplies.

GROUPS OF BANKERS INTERESTED IN LOAN. (BY A. P. NIGHT WIRE.) NEW YORK, Dec. 29.—Several groups of Wall-street bankers are interested in a proposed loan of approximately \$50,000,000 to the Dutch East Indies government, to be offered in this market in the near future. It was learned today from a trustworthy financial source.

A dispatch from The Hague today stated that Parliament had passed the bill authorizing negotiation of a \$100,000,000 loan in the United States for use of the Dutch East Indies.

PARTY OF REDS NEARING SPLIT.

(Continued from First Page.)

party, which is a Communist political movement dominated by a lot of cheap politicians who have never had any revolutionary experience and will surely fail in reaching the masses.

"George Hardy, former general executive secretary and treasurer of our organization, appeared in the convention, I understand, as a fraternal delegate from our organization. I am authorized to say that he had no authority to do so and any action taken by him is repudiated by the I.W.W. of the United States."

SPLIT WITH RUSSIANS. Greenhut then made public a statement by the general executive board of the I.W.W. showing that the organization had split with the Communists of Russia and would not affiliate with the Red Trade Union International of Moscow, which dominated and prescribed the program for the American labor movement adopted by the new Workers' party.

It was stated yesterday that the new party had been organized in accordance with instructions sent out by the Third Communist International of Moscow, which called for an "open and legal Communist movement in America."

As this call from Russia provided for an underground and "illegal party" whose executive committee shall have a majority membership under the committee controlling the "open party" it is believed that the secret organization was also formed during the present week.

ALLEGED DRY LAW VIOLATORS FREED. PITTSBURGH, Dec. 29.—Prosecutions of 131 persons charged with violation of war-time prohibition and the National Prohibition Act were abandoned in Federal court today.

Government witnesses had disappeared in some cases, and in others arrests had been made without the necessary search warrants.

WITNESSES DISAPPEAR IN MANY CASES; ARRESTS ILLEGALLY MADE. (BY A. P. NIGHT WIRE.) PITTSBURGH, Dec. 29.—Prosecutions of 131 persons charged with violation of war-time prohibition and the National Prohibition Act were abandoned in Federal court today.

Government witnesses had disappeared in some cases, and in others arrests had been made without the necessary search warrants.

BOATMEN'S STRIKE. BOSTON, Dec. 29.—Customs officers tonight standing guard over the British two-masted schooner Golden West, alleged rum runner, seized by the coast guard cutter Aqueduct in Massachusetts Bay, and towed into the harbor here today. Officers were investigating the recent activities of the vessel, claimed by her skipper, Dennis Amoro, of Tuxedo Wedge, N. Y., to be a legitimate trader.

The result of this investigation will be presented tomorrow to the United States District Attorney, who will then decide whether the schooner is to be held or released.

Inspection of the hold of the vessel revealed a number of steel kegs, believed by customs men to contain alcohol.

ALL-INDIA LIBERAL FEDERATION MEETS. (BY CABLE AND ASSOCIATED PRESS.) ALLAHABAD (British India) Dec. 28. (Delayed).—In opening the fourth session of the all-India Liberal Federation today, Govind Arunacharya Iyer, president of the federation, declared an address in which he said it was the duty of the Liberals to offer their most loyal and cordial welcome to the Prince of Wales, whose utterances had justified the Viceroy's assurance that the Prince's visit had no political object.

President Iyer urged that the Liberals strive for full dominion status within the British Empire. He pointed out that co-operation always had been the Liberal motto.

AHMEDABAD, Dec. 29.—At a full session of the Indian National Congress today the resolution proposed by Mahatma Gandhi, declaring for continuation of the policy of nonviolence in order to obtain independence from the British Empire, was adopted with only a dozen dissenting votes.

The resolution declares Gandhi, the sole executive, with full powers over the congress organization.

STINSON NOW TRYING TO BEAT AIR RECORD. (BY A. P. NIGHT WIRE.) MINNEAPOLIS (N. Y.) Dec. 29.—At 9 o'clock tonight Edward Stinson, flying in an all-metal monoplane, completed the first twelve hours of an attempt to break the world's record of 24 1/2 hours, for remaining aloft in an airplane.

Notwithstanding blizzards of snow and low clouds, Stinson took off at 9 o'clock this morning.

UARY

In the same predicament and the officers of both markets have consulted with the authorities of the Department of Agriculture in order to gain permission to resume futures trading. The representatives of both authorities are anxious of permission to conduct this form of trading to grain exchanges and to stock and bond markets and which transact a sufficient volume of business to justify its continuance. Real price-fixing is not possible. The local exchange believes that their market qualifies for these requirements and that the necessary permission from the government will soon be forthcoming.

If these permissions has been granted yet to any cereal exchange, with the result that they are all limiting their operations to actual sample transactions only, or to actual sample transactions on the floor. The only exception is the Chicago Board of Trade which has proposed the constitutionality of the proposed legislation. It is the only one in the way, under special inspection.

DIVIDEND PAYMENTS.
Notices of January dividend payments are beginning to appear in the newspapers and are being posted yesterday at the Los Angeles Stock Exchange, the following stocks being listed on the local exchange:
Associated Oil, \$1.50 a share, payable January 31; books close December 30.
California Petroleum, \$1.00 a share, payable January 5; books close December 30.
Farmers' and Merchants', \$1.00 a share, payable January 5; books close December 30.
General Petroleum, \$1.00 a share, payable December 31; books close December 30.
Magnolia Petroleum, \$1.00 a share, payable January 5; books close December 31.
Victor Oil, 1 cent a share, payable January 4 to stockholders of record January 1.
The company has also levied an eighth assessment of a cent a share which will become due January 1.

FOREIGN TRADE.

A reaction in foreign trade is apparent in many markets, and the movement gives indications of healthy expansion during the early part of the new year. Production is increasing in many lines, and the outlook for better business in iron and steel, paper, building material and other staples is better than it has been at any time during 1921. Foreign demand is strong, and it is being held in leash through difficulties of exchange. Until there is further stabilization in this respect, agricultural prices are not likely.

FORMS OF INSURANCE.

There are 134 species different from each other which may be insured against by means of insurance companies—such as general marine as life, fire, marine, health, accident, burglary, theft, disability, such as death, sickness, insurance of pay rolls, etc. The policy may even be extended by many of these companies to include any American company, but if which one has to go to Lloyd's famous organization, which will insure any risk, such as shipping war with Japan to twins.

Every one of these forms of insurance against contingencies that may arise is a form of insurance. Inasmuch as the greatest loss that can affect credit is human life, it is significant that in America there are more than 10,000,000 people carry life insurance of some kind to the vast extent of \$90,000,000,000, or more than the wealth of any nation of the world, with the exception of the United States.

TESTIMONIAL.
The Chicago Journal of Commerce pays tribute to the accomplishments of the banker in 1917. "It would be ingratitude," it writes, "in referring to the year closing without a word of commendation for the bankers of the country, who carried industry through one of its darkest, trying periods with less of loss than any other business class. Every student of economic conditions would be thought possible at the low ebb of depression last August."
The present generation knows little of these things. Making history, however, will

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, Dec. 29.—(Reu-
mop.) The selling movement to
establish income tax losses and
weakness among specialists who
position has long been a matter
of conjecture, provoked consid-
erable irregularity in today's stock
market.

Another adverse development of
considerable significance, since it
involved a local institution, was
the suspension of the Banca
Italiana di Rente di Roma, which
operated numerous branches
throughout Europe and South
America.

Other foreign contributions to
the day's budget of financial in-
cidents included the weekly report
of the Bank of England showing
a strengthening of liabilities, the
French bank statement, which re-
ported large expansion in note
circulation and discounts and Ber-
lin advices indicating another
enormous increase in the issue of
paper marks.

Call money was held at 3 per
cent, while time funds for the
shorter dates were plentiful.

BAR NEW YEAR'S TILTING OF LID.

Federal Dry Agents Plan to
Enforce the Law.Cafes, Restaurants and Drug
Stores Are Warned.Men from Bay City to Aid
Los Angeles Officers.

There will be no tilting of the prohibition lid in honor of the New Year, it was stated yesterday by Prohibition Enforcement Agent Avery, and Asst. U. S. Atty. Heron, who has charge of liquor prosecutions.

Not only will the regular force of prohibition agents be on the job to see that there is no violation of the national prohibition law, but special men are here from San Francisco to see that the Volstead law is enforced, Mr. Avery stated. Their names are not known to the public, and are being closely guarded by Mr. Avery.

The recent ruling that there must be no drinking at cafes will be enforced to the letter, the Federal authorities say. The cafes and restaurants have been warned what to expect if they allow guests to bring and drink liquor on the premises. Vigorous prosecution of such persons for having liquor in their possession and transporting it will follow.

A list of the places where violations of the prohibition law are threatened is in the hands of the officers, and special watch will be kept on them.

The drug stores also have been warned that the prohibition law is in force on the last day of the year just the same as the other 364, and that a strict compliance with the regulations in regard to the sale of liquor is expected.

Mr. Avery believes he has the situation well in hand, and he says no favorites will be played in the enforcement of the law.

TELEPHONE BILLS CUT BY STORMS.

Company Lowers Charge
Where No Service Given
in Month of December.

The Southern California Telephone Company yesterday advised the State Railroad Commission by letter that it would adjust the December bills of subscribers, whose telephones had been out of commission for any considerable time as a result of the recent storms. The letter reads:

LOS ANGELES, Dec. 29, 1921. Railroad Commission of the State of California. Ninth floor, Flood Building, San Francisco, Cal.

Gentlemen: In accordance with your suggestion and also that of the Board of Public Utilities of Los Angeles, we desire to advise that we are arranging to make suitable and proper adjustment in every case where telephone service has been interrupted for any considerable period of time.

The recent storms were the most severe in the history of the company, and the resultant damage to many properties throughout the city is well known. We have been exerting our best efforts to restore service in the shortest possible time. With our unprecedented construction program which we have under way to provide service for waiting applicants, this severe storm at this time is a most unfortunate and regrettable handicap.

We appreciate the consideration and patience of our subscribers and waiting applicants, and wish to assure them, as well as yourselves, that we are doing everything humanly possible to speed up the work.

Although interrupted service has been due to causes beyond our control, we wish to make suitable and proper adjustment in any case where telephone service has been interrupted for any considerable period of time. We are, therefore, complying with the records of the telephone in trouble and restoration of service so that adjustments may be made at the time of payment of monthly bills.

Yours truly,

SOUTHERN CALIFORNIA TELEPHONE COMPANY.

By U. R. Powley, Commercial Superintendent.

COUNTY WILL HELP PAVE CITY STREET.

The city and county governments will co-operate in paving for a width of twenty-four feet Manchester avenue between Main and Figueroa streets and between Vermont and Western avenues. The county has already set aside \$50,000 from its general fund, Supervisor Bean told the Councilmen yesterday afternoon, to pave one-half of the width of the street which forms the south boundary line of the city, and the Council Engineer to start proceedings at once to pave the city's one-half of the street. The section of Manchester avenue between Figueroa street and Vermont avenue is now being paved by the city, so that when the entire work is completed a new paved highway to the beaches will have been created.

SPECIAL TRAIN FROM HARBOR IS PLANNED.

Special train service from the Los Angeles Harbor district to Pasadena has been announced for next Monday by the Union Pacific and the Pacific Electric. Hundreds of tickets to the Tournament of Roses and the big football game in the stadium have been purchased by sailors of the Pacific Fleet, and traffic from the harbor to the Rose City will be heavy, it is predicted. Two special trains, one leaving at 7 and the other at 1:30 a.m., will be operated from San Pedro direct to Pasadena by the Pacific Electric. Return tickets will be good on all trains. The Union Pacific will operate one special train, leaving the harbor at 7 a.m.

LOVE TALE GETS CASH OF WOMAN?

Man Accused of Taking
Thousands from Widow
on Marriage Promise.

"We both loved each other," said Mrs. Ida M. Newman of Venice yesterday in Justice Hanby's court in detailing her charges against Ralph E. Canole, accused of embezzlement from her of a total of \$1700 and an automobile valued at \$650. "It was our mutual understanding that we were to be married," she added, "and the money derived from my garage business was to be for both of us."

It is stated by the prosecution, represented by Dep. Dist. Atty. Costello, that Canole obtained \$24,000 from Mrs. Newman by various lover's wives and on the understanding that they were to be married. Canole's hearing began yesterday before Justice Forbes, but was continued until today.

Mrs. Newman testified that Canole, who was engaged in the garage business, wished to buy certain equipment and she advanced him \$700 three weeks after their first meeting. For the same purpose, she said, she advanced him \$2000 a week later. On June 13, 1920, she said, she handed him \$4000 to buy a car for the garage, which she said she thought was to be owned jointly by them. She said she learned that all the property was in his name.

Mrs. Newman said that she was to have married Canole in Los Angeles City and that the \$4000 car was to be shipped there. For this purpose, she testified, she advanced \$1000 to him for express. She asserted that the car came C.O.D. and to prove this produced receipts.

Regarding the love affairs of the two, Mrs. Newman said, "Our business relationship grew into one of intimacy."

H. L. Geisler, attorney for the defense, adduced testimony indicating that neither of the two had proposed marriage. Canole was arrested by Detective Qualey of the District Attorney's office.

WIDOW OF PIONEER TO BE BURIED TODAY.

MRS. AUGUSTA FAIRCHILD WAS
AMONG EARLY RESIDENTS
IN LOS ANGELES.

Funeral services for Mrs. Augusta B. Fairchild, aged 71 years, who died last Wednesday at the California Hospital, will be conducted at 2 o'clock p.m. today at the residence of the deceased, Mrs. J. W. Myrick, 647 West Twenty-eighth street. Burial will be in Evergreen Cemetery.

Dr. George Davidson, pastor of St. John's Episcopal Church, of which Mrs. Fairchild was a member, will be in charge of the services. Just seven months ago, Dr. Davidson conducted, from the same residence, funeral services for the husband, J. A. Fairchild, a pioneer contractor of Southern California, who did the first paving work on Los Angeles streets.

Mr. Fairchild came to the West by way of the Isthmus, when he was only 18 years of age. He made a financial success in Nevada and when the railroad was built through he went back to Wisconsin, married Miss Augusta Baker, and then returned to the West, this time settling in Los Angeles. Mr. and Mrs. Fairchild celebrated their golden wedding here April 21, 1921. Mr. Fairchild died May 11. Today the body of the woman who shared with him his trials and his triumphs will be laid beside that of her husband in Evergreen.

Besides Mrs. Myrick, Mrs. Fairchild leaves another daughter, Mrs. John G. Mett, of 2523 Portland avenue.

MYSTERY CLEARED.

Husband Gone, But Not Kidnaped,
Says Mrs. Jenne.

Clearing up a mystery which had been under investigation since Christmas Day, Mrs. Max Jenne said yesterday afternoon confessed to the Police Department that the wife of the kidnaped man, who was held by bandits on the night before Christmas, which she said she was under the care of a physician.

In her first statement to the police, Mrs. Jenne declared that while she was driving with her husband on the Glendale Boulevard in a borrowed automobile on Christmas Eve, they were attacked by three bandits. She said her husband was shot twice and then driven away in the automobile, after the bandits had forced her to leave the machine.

Last night, Mrs. Jenne, who is at the home of her mother, Mrs. W. F. Botsford, 801 Edgewood Road, said she told the first story because she was so highly nervous that she feared to tell her friends that she had left her husband. She declared she was in very poor health at the time of the quarrel and almost lost her mind. She is under the care of a physician.

FORGERY IS CHARGED.

Cinema Director's Secretary Is Held to Answer.

Norwood Smith, formerly private secretary to Max Linder, cinema director, was held to answer yesterday by Judge Brown on two counts of a complaint charging forgery of his employer's name. The specific charges are that Smith forged and cashed two checks for \$275 and \$375, respectively, and Mr. Linder asserts that he has lost \$1750 in the same manner.

According to Dep. Dist. Atty. McDaniel, the defendant obtained a total of \$1350. It is stated by the prosecutor that twenty-five checks bearing the forged name of Mr. Linder were cashed.

ENTERTAIN NINETEEN-FIVE. A. Hamburger and Sons, Inc., entertained ninety-five delivery and garage-men at a dinner Wednesday evening at Jahnke's Tavern. After the dinner there was a program in which some of the guests took part, and an address by Police Inspector Heath on "Traffic." Members of the firm and the head of the department were the hosts, with the arrangements in charge of Harold Nichol.

PEN POINTS
By Charles
What has become of that
the packing-houses to open
most markets?
They are now fading
in the ground. Reaching
the line, "Will waters run deep."
It seems to be a fairly heavy
Year with the Democratic
holders in the Federal Building.
Looks like old times in Wash-
ton. They are discussing
to the American merchant
Henry Ford is about to get
automobile on the market
largely of glass. And there are
few folks who have so much
as Henry.
We are not so bitterly
that we do not think there is
mission on this earth even for
Democrat. This is especially
about tar-paving time.
Mrs. Louis Hoyt, a New York
city woman, is appearing in
New York production of
Sewer Man. Possibly it is
task to elevate the stage.
They are driving the rabbits
of the snow-covered pine of
shocks back East just now
whether you used to shoot
flying bunnies by moonlight!
White is a sign of joy and
gowns are the thing for
weddings. But why should it
year black? We know, but the
interest of peace we shall
silent.
The wonders of astronomy
quite intriguing. Prof. Pease
says he has seen spots on
from one of the craters on
moon. But it may have been
a cigarette.
A prophet is not without
in his own country. Just as
Atty-Gen. Daugherty orders in a
vestigation of meat prices in a
second of friendship for the
"business" reformer has a
new law to see.
G. K. Chesterton, the fat
author, says he will not
the United States and will
billion has gone out of
Good-bye, Gilbert, you will be a
time gone. However, we shall
age in some way.
The national president of the
crown makers admits that
other industries have been
by the war, the ice-cream
has been good and everybody
made money. A frank confes-
is good for the soul.
With a number of the
picture plants closed prob-
harder to which the
are compelled to cut
now is to register "die-hard."
the trouble comes from when
business has reports for 1921 and
There are indications that
Law Macdon has his eye on
the Democratic nomination in
Macdon is clever; he
wants the notoriety for
purpose. Nobody under-
stands the power of
potency of printer's ink better
than he.
David Lloyd George is the
under opportunist in the politi-
cal world. Nobody can change
positions. He is always
er. Both eyes are always
the main chance. He carries
method in his church
attending one and belong-
ing to another.
Investigators in New York
after three years of service,
with a million dollars in
Crosby, Ross Tweed and
York become look like a
altered in comparison with
graft.
The personality of President
Hoover is dominating the
the English and French
are dominated at Versailles.
makes a world of difference
as the interests of the
States are concerned.
And the high cost of
something more.
It is to get \$10,000 a year
years to teach the students
Henry College at Shreveport,
to play the game. The
teachers at the college
one-third that amount.
Why is it that a bootlegger
deals upon his rights under
the Constitution and
search and seizure and
the Eighteenth Amend-
ment? There is more
behalf of defendants in
sections than in all other
countries.
The Hoover organization
is now feeding \$10,000
and it is believed that
of the new year the
\$1,000,000. So there is
there is thousands of
homes. It is the American
is likely that the
light America?
HORRORS
If what the future has in
for you and me
Was shown to us and made
That we could see
And so God's plan for our
Revealed all that is to
Would it be best?
Or, should we truly thank
Beyond the line where
sky
By his decree
Are met. And thus what
Or joy or pain.
He kept ill vision, rising
Sees only pain!

GRID TEAM CERTAINTY NEXT YEAR

Pacific Fleet is to Have Eleven in 1922 as Strong as in 1921.

LOS ANGELES, Dec. 29.—The Pacific Fleet will have a team next season, it was announced here in behalf of the E. W. Eberle, Commander in Chief, by Lieut. Commander E. W. McKee.

The announcement was made to discredit reports that the team was not in favor of football last season the fleet team was one of the strongest on the coast.

"There is not a keener football enthusiast in the fleet than Admiral Eberle," Lieut. Commander McKee said. "He is strongly in favor of keeping the team intact next year."

Fred Fulton Really After Jack Dempsey

NEW YORK, Dec. 29.—Fred Fulton, the Minneapolis boxer, stepped into Tex Rickard's office and told the boxing promoter that he stood ready to fight the man in the world, Jack Dempsey.

Fred also declined to be a contender for the world title, which Rickard offered as an opponent for the fight the winner of any championship which Rickard could arrange in the hope it would lead up to a fight with the champion.

W-J Get Peek at Grand Canyon.

PRESIDENTS GO SIGHT SEEING.

W. and J. Squad Stops Over at Grand Canyon.

Athletes Spend the Day in Enjoying Scenery.

Coach Neale Doesn't Hold Grid Practice.

GRAND CANYON (Ariz.) Dec. 29.—A telegram received here stated that Lee Spillars, who has been in Kansas City Hospital since last Tuesday, had passed the crisis in his attack of pneumonia and was on the road to recovery. All chances of his going to Pasadena were and when he is able to be moved he will be taken to his home at Wheeling, W. Va.

GRAND CANYON (Ariz.) Dec. 29.—The most delightful day of their westward journey was spent today by the Washington and Jefferson football players viewing the wonderful sights of the Grand Canyon. Last night was spent at Williams, the junction point, and the journey continued to the canyon this morning. The train was late and did not reach here until 10 o'clock. No sooner was breakfast finished than the entire party started on a tour of the various points of interest. None was permitted to take the trip on mule back to the bottom of the gorge, as time was too limited, but everybody had a ride around the rim of the chasm this afternoon, getting back in time for early dinner. The coaches gave the men practically carte blanche in their activities, with a caution not to over-exercise in the high altitude.

TENNIS TRIP.
Coach Neale said he was delighted with the opportunity to get his men off the train for a day of exercise and relaxation. The Wash-Jeff tutor frankly admitted that the long train ride was having its effect on his men, who, while in apparent good physical condition, have been showing signs of losing their "zip." They left here tonight after 7 o'clock on the final leg of their trip, with renewed vigor and wonderfully benefited by their day in the open. Neale did not make any attempt at football practice, as had been intended. He decided after arriving at the canyon that the best thing for his men would be to allow them to rest.

JIM AND JOCK PLAY IN NORTH.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Dec. 29.—Jim Barnes and Jack Hutchinson, golf champions on a tour of the United States, will remain here for about ten days. Today they meet two local men, William McEwan and John MacGregor on the Lakeside links. In their opening appearance here they were defeated by MacDonald Smith and Sam Whiting and there is much talk of a return match.

low them to roam at will, got their minds off football and the coming game with California, and enjoy themselves in any way they wished. None of the players had ever before seen the Grand Canyon and their appreciation of the grandeur of the phenomenon was scarcely expressible. The Washington-Jefferson party was met here today by several former Washington and Jefferson men who went on to the Coast with the team to-night and also by a group of former Washingtonians who now live in Los Angeles and who will follow the Presidents to the coast on Saturday.

NOT SO HAPPY.
Coach Neale tonight was not as optimistic over the condition of his players at game time as he was when he left Washington, but he still feels that his tactics in starting late are an improvement over those of other teams that have gone to California. The stay here has helped wonderfully, but Neale is aware that it will require three days of skillful handling of his players after he reaches Pasadena. Neale said today that the workout to be held at Pasadena tomorrow afternoon would necessarily be a limited one. He has not yet been apprised definitely what arrangements have been made for practice, but will depend a good deal on the advice of the W. and J. alumni on the coast.

SECRET PRACTICE.
But one thing is certain, the Presidents' two workouts in California will be conducted with the utmost secrecy. Neale made this emphatic today. He said that not a soul outside those who were personally vouched for by himself or Manager Murphy would see the players on the grounds. Neale is not trying to formulate any new stuff, but he wants absolute privacy and interference in his work of polishing off the team for the game on Monday.

The W. and J. players are looking forward anxiously now to the arrival in Pasadena. They are reading Coast newspapers, receiving en route during the past few days and smile grimly when they see that the California team has been made such a long-odds favorite in opinion, but they apparently are determined that they will make the football men in California and adjacent sections poor prophets. The Wash-Jeff party presents some of the statements that no one on the Coast ever heard of Washington, and call attention to the fact that W. and J. was 100 years old before California University came into existence. They figure that thirty-two years of football, in which they have won 293 games and lost but fifty-eight, entitles them to some consideration.

TEE, FAIRWAY AND GREEN.

(Continued from Twelfth Page.)

came patron of the club, and was elected its captain.

RUDE, INDEED.

In the royal and ancient clubhouse is to be found the most interesting collection of golf clubs and balls in the world. A history of the game could almost be made from those silent witnesses of past sport. Rude, indeed, were the first beginnings shown by awkward club and feather balls. No doubt some of the most cherished clubs of the present will at some time join the back numbers of that collection and the sight of them will show how far golf has traveled. It is a long distance between the feather-stuffed ball to the swift-flying rubber core, and a long space of solid gutta percha is in between.

What strikes the American new to British ways is the British caddy, and perhaps he is more typical at St. Andrews than elsewhere. Here in America carrying is done by boys; there it is done mostly by middle-aged and elderly men. With many of them it has been a life work.

ON THE RULES.

The great office and great service of the Royal and Ancient Golf Club is the interpretation of the rules by the Rules of Golf Committee, which is composed of fifteen members of the Royal and Ancient Golf Club.

One of the resolutions adopted at a general meeting of the club explains the functions and power of the committee as follows:

(2.) The powers of the committee shall be limited to dealing with proposals relating to, or questions of interpretation arising on, the rules and customs of the game of golf. On all questions of interpretation of the rules they shall be the final authority.

This means a big honor and a big responsibility.

WANT ATHLETES TO STAY HOME.

Up-Coast Prep Stars Flock to California.

Bagshaw Warns Bears to Keep Hands Off.

Campaign to Retain Phenoms in Northwest.

PORTLAND (Or.) Dec. 29.—The University of Washington is out to cut off some of the northwest "feeders" to the athletic success of the University of California. Snook Bagshaw, Washington football coach, made that plain in an address at Vancouver today before the Vancouver Prunarians and invited guests.

Bagshaw was in dead earnest about the California matter, and he brought out further that he expects the aid of the University of Oregon and of Oregon Agricultural College in the campaign. It will be of interest to Oregon and Oregon Aggie students that Bagshaw also declared that so far as Washington is concerned, her policy in future would be "hands off" Portland and other Oregon high school athletes.

LET 'EM STAY HOME.
"Let the high school athletes stars in Portland and the University of Oregon and Oregon Agricultural College," said Bagshaw. "On the other hand, we want the high school athletes in Vancouver and other Washington towns to attend the colleges of their own State."

The University of California has been cock of the athletic walk on the Pacific Coast in the last few years. Now, I can tell you, her success is not altogether due to California athletes. By no means, some of California's best men have been recruited from Oregon and from Washington. That is a thing that we of the Northwest must stop.

"Let me repeat that the future of the young high school students in the university of his home State. Of course, if Portland athletes voluntarily should come to the University of Oregon or Oregon Agricultural College, we are too hospitable to turn them away. And if Seattle athletes go to the University of Oregon or Oregon Agricultural College, I know Oregon hospitality too well to believe that those colleges would send them home. But at the same time I want to make it plain that Washington will keep her hands off the Oregon athletes just as we expect the Oregon colleges to keep their hands off the Washingtonians."

"And so far as California is concerned, we will make her keep her hands off both Oregon and Washington athletes."

O'ERCONFIDENCE COULD BEAT 'EM.

(Continued from Twelfth Page.)

much to supply this inspiration. With important company at dinner, so to speak, they will be on their best behavior.

A good team under-rated would be a peril for the Bears. But I think one which could cause them to worry a month in advance would stand the better chance of beating them, if such a team can be found.

Possibly the Bears are merely confident, and the overconfidence lies with those of us who have followed their work for two years.

Recently published incomplete records are having the result desired—bringing the alumni of various colleges to the support of their football heroes of long ago. The following enlightening letter is from Attorney James Westervelt, Princeton '91.

"Ancient your interesting article on old-timers in football, permit me to say that both you and your informant are wrong about Alec Moffat. In the Princeton-Harvard game, to which your correspondent refers, in which the score was 7 to 6 in favor of Harvard at end of first half, Moffat kicked six goals from the field in the second half. The final score being 13 to 7 in favor of Princeton. Either the preceding year or the year following, in which the score was Harvard 5 and Princeton 4. In the second half, Moffat kicked five field goals, the final score being 12 to 5 in Princeton's favor. They were forty-five minutes halves, and so combining the two achievements he kicked eleven field goals in ninety minutes of play."

"Moffat could kick, if necessary, with either foot. One of the eleven goals mentioned, he evidently intended to kick with his right, but seeing a Harvard linesman coming through from the left, he deduced to the left, kicked the goal with his left foot. He was immediately thrown to the left out of bounds at about Harvard's 40-yard line. These are facts remembered by Princeton men of that era, and which can be verified."

No history is more fascinating than football history, and we can imagine nothing which would popularize our grammar schools more than to have it taught in the classrooms. After all, isn't it about as important for a boy to be familiar with the life and work of Moffat, Brickley and Coy as to know who was the third Shah of Persia's seventh uncle?

Seldom do two or more football men gathered together in one place, agree to a large extent. However, the individual opinion always is interesting. Here is an opinion by Coach Perry of the Poets:

"Had California played Centre, it would have been a awful defeat for Centre. With a short forward pass as their chief reliance, the Bears would have rolled us a terrific score. Not once did Centre show a defense for a short pass. They played entirely for Sionaker's long one. California would have won by an overwhelming score."

BUILD STADIUM.

(BY A. P. NIGHT WIRE.)
MODESTO (Cal.) Dec. 29.—The City Council last night voted to proceed with the work of the building of an athletic field, 600 feet by 700 feet to contain a baseball field, football field and athletic track.

We've Reduced Prices Again!
Effective Immediately

We have re-priced our entire stock of shoes to conform with the lower prices now being quoted by the manufacturers for 1922. It will be several months before you can duplicate the values we're offering today. Our present scale of prices will not prevail generally until next Spring. For instance—We're offering several smart styles of fine calfakin shoes of excellent workmanship that were priced at \$12.50 during the war and which have recently sold for \$8.50. Now for only

REAL FIGHTING
STUFF TONIGHT.Sailor Kramer, Young Brown
in Torrid Action.Wild Cats Cline and Lavigne
in Semi-Wind-up.Seven Good Bouts at Legion
Hollywood Arena.

Fistic fans hereabouts will gaze upon a vastly improved boxer tonight when they see Sailor Kramer, who boxed the main event with Young Brown at the American Legion Hollywood arena. It has been a long time since Kramer has appeared in this neck of the woods. He has always been a great favorite with the "regulars" on account of his two-fisted tactics. The sailor has just returned from New York, where he has been appearing regularly in the rings of Gotham against some of the best boys in the East. Kramer developed a terrific punch while in the East, but, according to the experts, will need time for the "rust" to get out of his system. Young Brown, it was pointed out at the start of the most slashing bouts ever witnessed in the Southern California, was picked as the most likely youngster to give Lavigne a real scrap.

Manager Dick Dusenbury puts up Frankie Novey, the 115-pound boy in the North. Novey, holder of the A.E.F. featherweight title, is still in the Army and is here on a furlough. He draws Kid George tonight in the feature preliminary at Hollywood.

Another champion on the card is Sailor Tommy Cooney of the U.S. Navy, who holds the welterweight title of the Navy. Cooney will meet Bobby Allen, the hard-hitting 145-pounder, in the main event. That veteran ringman, "Kid" Mende, will try conclusions with Sailor Walters, while Young Dayton hooks up with Tommy Barry. The curtain raiser will bring together Red Murray and Sailor Thode. George Blake, erstwhile referee, will act as third man in the ring.

INCREASE IS SHOWN
IN RAILWAY INCOME.DECREASE NOTED IN COST OF
OPERATION COMPARED
WITH YEAR AGO.

(REUTERS DISPATCH)

WASHINGTON, Dec. 29.—Estimates made today by the Bureau of Railway Economics, based on reports to the Interstate Commerce Commission from 127 railroads out of a total of 260, indicate that the net operating income of the railroads for November will be approximately \$1,000,000,000, representing a return of 4.6 per cent.

The net railway operating income of the 127 railroads, which include sixty-three eastern, five southern and 59 western railroads, was \$49,228,436 in November, an increase of 47.7 per cent over November, 1920, when it was \$33,314,395.

The railroads in the eastern district reported a net railway operating income of \$29,249,051, or 5.2 per cent, in the month. Those in the southern \$5,522,329, or 5.3 per cent, and those in the western \$14,457,056, or 4.6 per cent.

Operating railway revenues of the 127 railroads, a decrease of 21.6 per cent when compared with November, 1920, totaled \$123,550,195, a decrease of 29 per cent.

MARTIN IS ON THE
WAY TO RECOVERY.

(BY A. P. MONT WIRE)

TERRA ALTA (W. Va.) Dec. 29.—The condition of Bob Martin, heavyweight boxing champion of the A.E.F., who was injured near here in an automobile accident yesterday, was somewhat improved today according to the attending physician.

Martin's injuries were chiefly internal, it was added, and several days may be required to show just how serious they are, although his steady recovery is expected unless complications develop.

TENNIS STARS ARE
GIVEN AN OPTION.

(BY CABLE AND ASSOCIATED PRESS)

LONDON, Dec. 29.—The lawn tennis championship committee has dispatched letters to the holders of all England championships giving them option on the season of 1922 of waiting out until the challenge round or playing it through.

IRISH MEUSEL TO
NAME NEW LINE-UP.

(BY A. P. MONT WIRE)

Irish Meusel will announce the complete line-up of his major league All-Star club within the next couple of days. Meusel is now coaching lawyer's Champions in the series with White's All-Stars at the White Sox park.

GUISO WILL COACH
ST. MARY'S COLLEGE.

(BY A. P. MONT WIRE)

OAKLAND, Dec. 29.—Louis Guiso, who reports to the Cleveland Indians next spring, is acting as baseball coach at St. Mary's College, his alma mater here, and will handle the team until he leaves for the spring camp. Guiso played with the Oakland club of the Pacific Coast League last year.

CUTSHAW GOES
TO THE TIGERS.

(BY A. P. MONT WIRE)

DETROIT (Mich.) Dec. 29.—George Cutshaw, Pittsburgh National second baseman, has been purchased by the Detroit Tigers. President Frank Navin announced tonight.

Navin said it was a purely cash transaction but withheld the amount involved. The purchase of the Pirate second baseman is in line with the policy of the Tiger management to fortify the infield. It was stated. It is planned to start the season with "Pop" Young at second base but it was added in the event Young fails to perform up to expectations, Cutshaw will replace him.

RANKS BEARS
AT THE TOP.

(Continued from Twelfth Page)

team is playing with the ten men. His other backs can all pass, run, tackle, block, and they are called upon to do. In other words, the point I am trying to make is that when Smith finally picks his first team, the men can do anything a football team should do. I will explain tomorrow Smith's smartness in the use of this wonderful material.

W. & J. ALUMNI PLAN
BANQUET FOR TEAM.

(BY A. P. MONT WIRE)

Washington and Jefferson University alumni will be given a banquet in honor of the college football team and President Simon S. Baker at the Vista del Arroyo Hotel, Pasadena, on Monday evening, following the California-Washington game.

It is expected that Washington and Jefferson alumni and friends from many California cities will attend the affair and greet the representatives of the eastern school who are in charge of the rose tournament classic.

President Baker and the Red and Black football squad are anxious to like the old graduates on the Coast. Of interest, too, will be the fact that President and Mrs. Baker have as their guests at the banquet President and Mrs. Barrows of the University of California.

Admiral Elmore, commanding the Pacific Fleet, and his staff, have been invited. Another notable to be present will be Col. W. H. Thompson, chairman of the Olympic games committee and a member of the board of trustees of Washington and Jefferson.

The committee in charge of the affair suggests to W. & J. alumni that they make their reservations for the banquet by telephoning directly to the Vista del Arroyo, Pasadena, Colorado 1900.

MIDDLEWEIGHT CHAMP
MAY FIGHT IN PARIS.

(BY A. P. MONT WIRE)

BOSTON, Dec. 29.—A proposal from Paris that Middleweight Champion Johnny Wilson engage in one or two boxing bouts there in June or July next year has been received by Marty Killian, Wilson's manager.

Killian said today he replied that Wilson would accept if financial arrangements were satisfactory. Wilson expressed a desire that a match be obtained with Georges Carpentier.

VARSITY PRESIDENT
HERE TO SEE GAME.

(BY A. P. MONT WIRE)

President and Mrs. David P. Barrows of the University of California will arrive this morning from Berkeley to attend the alumni banquet tonight and the football game between California and Washington and Jefferson on Monday. Mayor Ralph and a party of five from San Francisco are also expected.

PINKY GARDNER LOSES
TO SALT LAKE CHAMP.

(BY A. P. MONT WIRE)

SALT LAKE CITY, Dec. 29.—Ira Dern of Salt Lake, claimant of the world's middleweight wrestling championship, defeated Pinky Gardner of Boston in straight falls last night.

Johnston, according to information furnished to Dep. Dist. Atty. Van Cise, maintained four different accounts in another Salt Lake bank and sent checks under the name of Will C. Harris, drawn on the bank where he was employed, through the accounts.

The amounts, it was stated, were \$100, \$400, \$400 and \$500. Johnston was said to have been in charge of the accounts, where the checks would go for auditing in the bank where he worked. Arrangements are being made to bring the prisoner here.

NAME PARADE CENSORS

(BY A. P. MONT WIRE)

J. J. Mitchell, president of the Tournament of Roses, announced last night the appointment of E. T. O'Connell and F. E. Egan as members of the committee to censor the names of the participants in the parade.

Mr. O'Connell is president of the Los Angeles director of sales for seats in the Tournament of Roses stadium. He built next to the Arroyo Seco, where he expected the floral pageant next Monday will be one of the biggest in the history of the tournament, which has been held annually for thirty-three years.

TRADE TOURISTS RETURN.

(BY A. P. MONT WIRE)

SAN FRANCISCO, Dec. 29.—An oriental trade party of 130 members returned to San Francisco today on the liner Empire State, ending a three-month voyage of 19,000 miles in the interests of trade expansion. A rousing welcome for the excursionists, was given at the docking of the ship.

CLUB BUSTS UP
CATHOLIC FIVE.Mercury Basketers on Top
in Snappy Game.Considerable Improvement is
Shown by Locals.Return Contest Billed for
Next Week.

The members of L.A.C.'s basketball team, who were defeated last night, when they mugged up Santa Clara's demoralized team in the club gym, 31 to 18, thus atoning for their defeat at the hands of the Catholic basketers last week. Each team having won one contest, Charlie Keppel scoured around immediately after the game last night and arranged for a deciding game to be held next Tuesday.

It was a much different set of athletes that were the blue and white team last night. The organization that did that duty last Thursday. Although most of the men answered to the same names, they were brand new, the club five taking the lead at the start and holding it throughout. At times the affair had the earmarks of a regular brawl. Referee Whittle was forced to chalk up five personal fouls before the game was over minutes old.

RED GLITTERS.

(BY A. P. MONT WIRE)

The scorching performance of Red Wilson was very much in evidence during the proceedings eleven points added to the result of his ability to find the hoop. Fred Olney counted ten of the club's digits, while Vukota, with eight points, was the star of the game.

Max Gold started things with a free throw early in the game, and Olney and Vukota, who were in the lead, were kept busy for the rest of the game. Wilson, who was in the lead, was kept busy for the rest of the game.

Wilson, who was in the lead, was kept busy for the rest of the game. Wilson, who was in the lead, was kept busy for the rest of the game.

Stolen Jewelry
Helps Identify
Bandit Suspect

(BY A. P. MONT WIRE)

Identified through a diamond ring found in his possession, Walter Sharp, 30 years of age, was held yesterday in the City Jail as a highwayman. According to Police Detectives Wood and Murphy, the prisoner yesterday identified himself as Walter Sharp, 30 years of age, who held up and robbed Mrs. A. C. Smith of 661 West Lexington Place, Glendale, on the night of the 19th.

According to Mrs. Smith's first report to the police, two men called on her home and asked for a telephone. When allowed to enter the house they drew revolvers and ordered her to hand over her jewelry. She complied, and the two men fled in an automobile.

Yesterday Mrs. Smith, the police say, made a statement to the police that she was the victim of a robbery. She was found by Detective Wood and Murphy attempting to sell a diamond ring in a local pawn shop.

Johnston, according to information furnished to Dep. Dist. Atty. Van Cise, maintained four different accounts in another Salt Lake bank and sent checks under the name of Will C. Harris, drawn on the bank where he was employed, through the accounts.

The amounts, it was stated, were \$100, \$400, \$400 and \$500. Johnston was said to have been in charge of the accounts, where the checks would go for auditing in the bank where he worked. Arrangements are being made to bring the prisoner here.

Former Teller
in Bank Here
Held in East.

(BY A. P. MONT WIRE)

While Walter Johnston, a former teller of the Continental National Bank, was under arrest yesterday in Chicago, the Los Angeles county grand jury investigated alleged forgeries ascribed to him. No action was taken by that body, which will continue its inquiry today, it is stated.

Johnston, according to information furnished to Dep. Dist. Atty. Van Cise, maintained four different accounts in another Salt Lake bank and sent checks under the name of Will C. Harris, drawn on the bank where he was employed, through the accounts.

The amounts, it was stated, were \$100, \$400, \$400 and \$500. Johnston was said to have been in charge of the accounts, where the checks would go for auditing in the bank where he worked. Arrangements are being made to bring the prisoner here.

Visit to Crown City.Rabbit Fanciers Prepare to
Hold Annual Show.

(LOCAL CORRESPONDENCE)

PASADENA, Dec. 29.—Pasadena residents will not be permitted to park their cars all night before the Rose Tournament in order to assure themselves of the best locations to see the Tournament parade on Monday, according to an announcement today by Chief of Police C. H. Kelley.

In fact, Chief Kelley asks local citizens to keep their automobiles at home so far as possible on Tournament Day, in order that the visitors to the city may get to and from their cars more readily.

Pasadena now has a ordinance, enacted this year, prohibiting the parking of automobiles on the streets between 1 a.m. and 6 a.m. but it was said to have been inspired by garage proprietors. He that as it may, Chief Kelley says it will be enforced, to prevent the closing of the streets by parked machines the night before the Tournament.

The chief desires to keep all streets open for traffic, for the passage of fire apparatus and to provide for emergencies up to the hour of the parade, and he said that there will be certain restrictions in the downtown section.

GREEK STATESMAN SILENT.

Former Premier Eleutherios K. Venizelos of Greece, who arrived here today from the State, but who is still maintaining the silence on European political questions and international affairs, is expected to remain in California for some time.

Mr. and Mrs. Venizelos are occupying a bungalow at the Santa Anita Hotel, and are accompanied by a C. Michalopoulos, a companion of his. The Greek statesman did say, however, that he had been in California for some time.

Pasadena a lovely city, indeed. He will see his first American college football game here, and he said that he would remain here about two weeks and then expect to leave upon a tour of South America. They have been in California the last two months.

RABBIT SHOW OPENS.

The eighth annual rabbit show and pet stock show of the Southern California Breeders' Association opened here this morning and will continue to and including Monday. The show is being held at 56 West Colorado street. There are 200 rabbits and 200 guinea pigs entered in the show, with exhibitors from many Southern California communities represented.

James T. Jenkins is president of the association and chairman of the show committee.

POSTOFFICE INCREASE.

Holiday business handled by the Pasadena postoffice was larger this morning by 20 per cent than in any other year, according to a statement by Postmaster Clark McLean. The largest previous year was last season.

Customers who failed to get their share of the wonderful carillon bells, necklaces, pendants, charms and bracelets can have their wants supplied from the new importation at Grace Nicholson's Famous Pasadena Oriental Shop.

HONOR MARCH KING.

(LOCAL CORRESPONDENCE)

FRESNO, Dec. 29.—The twenty-fifth anniversary of "Stars and Stripes, Forever," probably the best known military march ever written, will be celebrated here tomorrow by Lieut.-Commander John Philip Sousa, its composer.

Just twenty-five years ago the bandmaster, then the leader of the United States Marine Band, composed the march that was the foundation of his title of "the march king."

Festive ceremonies are to be observed in his honor at Fresno, where he is playing in the Municipal band, with his concert band of 100 pieces.

L. E. Behymer, Los Angeles musical impresario, sent him a telegram of congratulation on the event, with regrets that he could not have celebrated such a milestone in Los Angeles and let them, the north. Sousa will arrive in Los Angeles Monday for a three-day engagement at the Philharmonic Auditorium.

Enjoy the big New Year's Dinner at Merritt Jones Hotel, Ocean Park, Sunday and Monday, 12 noon to 3 p.m. \$1.50 the plate. Turkey, mince pie and everything.—(Advertisement.)

SANTA ANA LICENSES.

(EXCLUSIVE DISPATCH)

SANTA ANA, Dec. 29.—William Franklin, 33, Los Angeles, and Mahab F. Enayel, 18, Los Angeles; Samuel Lichtenstein, 55, Los Angeles; and Esther Martin, 45, Los Angeles; Clarence M. Gowdy, 64, Santa Ana, and Nancy A. Hopper, 48, Lexington, Mo.; Jesse B. Rohrer, 22, Flacencia, and Helen M. Scherer, 27, Fullerton.

HELD TO ANSWER.

(EXCLUSIVE DISPATCH)

POMONA, Dec. 29.—The preliminary hearing of Frank Catelli, the San Dimas baker charged with a statutory offense against 16-year-old Florence Avila of Pomona, was fully completed today after the second all-day session. Catelli was held to answer in the Superior Court on Monday after all the State's evidence was in and he had failed to offer any evidence on his behalf.

RUNAWAY PAIR
LAND IN JAIL.Honeymoon in Stolen Car is
Terminated.Court Case Involves Payment
of Big Inheritance Tax.Officers Say Boats Bring Car-
goes of Whiskey.

(EXCLUSIVE DISPATCH)

SANTA BARRERA, Dec. 29.—Honeymooning in a stolen Romer car brought grief to Mr. and Mrs. C. J. Carson of Los Angeles this afternoon, the two being placed under arrest, Carson going to a cell in the City Jail and his bride to the detention home. Both are 18 years old. Annulment proceedings, Carson says, are threatened by his father, E. W. Carson, a wealthy San Luis Obispo land owner, who, the prisoner stated, is now at the Angelus Hotel, Los Angeles, having gone south to consult his legal advisers in connection with steps to set aside the marriage.

The youth states that he tried to secure a marriage license from the County Clerk at Los Angeles on December 18, but could not because he had not his father's consent.

"My wife's parents were willing that we be married and so I got one of her relatives to impersonate my father. We went before a notary on North Main street, where my friend swore he was my father, gave his consent to the marriage and the notary placed his seal on the paper. With this we went to Santa Ana, got our license and were married there."

"My wife wanted to visit her parents, Mr. and Mrs. J. T. Cottle of Fillmore, formerly of Los Angeles, and I had no money for the trip. I stole a car from in front of the Romer agency. In this car we drove to Fillmore, visited my wife's parents for a while and then drove to San Luis Obispo to get my father's forgiveness."

"On the way I told my wife I stole the car and since then she and I have not been happy. Father added to our unhappiness by declining to countenance the marriage and he left for Los Angeles, telling me to meet him this afternoon at the Angelus Hotel to talk with his lawyers."

The couple parked their car here and an officer questioned them on the absence of a registration card, the machine, Sunday and Monday, 12 noon to 3 p.m. \$1.50 the plate.—(Advertisement.)

QUAKER COLLEGES
TO STAGE BANQUET.

(LOCAL CORRESPONDENCE)

WHITTIER, Dec. 29.—The Association of Friends Colleges in America will give the annual banquet at the Friends Church here Thursday evening, January 5, and plans are being made to seat 500.

The colleges to be represented are Whittier, Penn College at Occoquan, Iowa; Earlham at Richmond, Ind.; Pacific College at Newberg, Ore.; Friends University at Wichita, Kan.; Nebraska Central at Lincoln, Neb.; Wilmington at Wilmington, O.; Guilford at Guilford, N. C. and Haverford, near Philadelphia, Pa.

Mr. Chalmers Newsum, a graduate of one of the eastern schools and president of the Alumni Association, will preside and Miss Lela Moorhead of Long Beach will be toastmistress. The assembly will be composed of members of the alumni of the several colleges mentioned and the wives or husbands of such members.

BIG SUM INVOLVED.

An inheritance tax amounting to \$41,047.33 is at stake here, a ruling of Judge S. E. Crow of the Superior Court holds that property located outside the State, but over which a California resident holds "power of appointment," is subject to the California tax.

The issue is raised in the estate of Charlotte Bowditch, who died here leaving an estate valued at \$125,000.43 and her sister, Margaret Bowditch, prominent social worker here, received \$39,027.18 under the Charlotte Bowditch will and will pay the large inheritance tax if Judge Crow's ruling is upheld by the higher court.

In making the appeal, Judge Angelo, until recently Chief Justice of the State Supreme Court, is associated with the firm of Richards, Heaney and Pries of this city for the two beneficiaries.

SALT WATER BOOTLEGGING.

That Canadian whisky in large consignments is being landed frequently at Port San Luis Obispo, formerly called Port Harford, is rumored in Santa Maria, San Luis Obispo and other communities near that port.

"One man received from a ship a consignment marked as furniture," said Chief of Police R. M. Travis of Santa Maria, "when in reality it contained at least \$10,000 worth of booze. It is said that the whisky consignments valued at from \$50,000 to \$100,000 have been received there. They are carried away in trucks to all parts of the State."

Officers say that Federal prohibition agents in investigating liquor rumors refuse all assistance from township officers and say openly that they want the township peace officers to lay off the traffic and let them, the Federal agents, handle it themselves. "They probably have their own reasons for this, but we could be of large assistance if permitted," said the Santa Maria Chief.

Resides ships that put in without signals and land booze, it is said that ships of unknown identity, passing down the channel, have been seen to fire rockets, slow up, and the presumption is they are out cases of Canadian goods to persons responding in boats to the rocket signals.

BOAT AGROUND.

The new tender Onward, owned by the Santa Rosa Island Company, a Los Angeles corporation, is aground on the island, having been driven ashore by high winds, according to reports received here today. The vessel is valued at \$18,000 and sails under San Pedro registry.

Coronado Agency, 511 Spring.—(Advertisement.)

CITY VOTES BONDS.

(LOCAL CORRESPONDENCE)

GLENDALE, Dec. 29.—After having been submitted on two previous occasions, a proposition to issue municipal bonds for \$552,000 for the purchase of a site for a new high school plant carried today by a vote of approximately 50 to 1. At the same time, the voters determined that a piece of property located on East Broadway, known as the Loken site, be purchased. The location is the one advocated by the Chamber of Commerce.

POLICE FIND BOY BANDIT

Youthful Yegg Wanted in Four States Arraigned

Find Murder Victim in Bed at Tijuana.

To Bring Woman Prisoner to Los Angeles.

(SPECIALS REPORT)

SAN DIEGO, Dec. 29.—"Gallagher Dick, the boy bandit," is the title proudly proclaimed by the man Brown, 18, who today, arrested by the police a series of burglaries committed here and admitted he was wanted in several states for various crimes.

Although he gave his age as 18, he has the appearance of a boy of 15 and the manner of a headstrong man of the world. Low, dark, with a wide forehead, he is a night prowler in residential districts, was given as his crime entering a life of crime.

"I think I pulled about 10 jobs here," he told the police. "I wanted in four states; I don't know where they want me worst."

He said he escaped from a Mexican reformatory and was a fugitive from West Virginia, where he had assisted his uncle in some checks.

"He forged the checks and cashed 'em," he explained. Numerous calls have been made on the police lately, many of them being in the early morning hours. His screams and broken words were the only clues left by the burglar. Cash seemed to be the object of these burglaries and Brown admitted he understood was the culprit for whom the police force has been on the lookout.

The boy's arrest occurred before daybreak today when a patrolman, summoned to a Sixth-street home by a man which had advised there was a burglar in the neighborhood, made a search and caught the rascal as he was trying to make a getaway.

FIND MURDER VICTIM. The mutilated body of a man about 35 years old was found from the Tijuana River just over the international boundary today. Death was caused by blows to the head, inflicted with a blunt instrument, the skull being crushed on both sides of the forehead. The body was found in the river, according to Mexican authorities, as the pockets were turned out. Although the body was found in the river at least two days there was no water in the river. The body was taken in Tijuana where efforts are being made to identify it.

TO COUNTY JAIL. Mrs. Charles W. French, wife of the promoter, under grand jury indictment in Chicago and herself charged with the same, was taken to the County Jail in Los Angeles prior to being taken to Chicago for trial.

The woman, in the custody of Deputy U. S. Marshal George O'Connor, will go north on board the Santa Fe early tomorrow morning.

MINISTER DIES. Prominent Church Worker Suffers Final Stroke.

(SPECIALS REPORT) LONG BEACH, Dec. 29.—William Henry Wolcott, for several years identified with church work in Long Beach, died at his home today, 1448 Elm avenue. His death came as a termination of an illness which started last August with an attack of appendicitis.

Rev. Wolcott was born in Durham, Vt., in 1842, and was a direct descendant of Elder Samuel Mayflower. His ancestors were among the prominent Puritan families of New England.

Rev. Wolcott was graduated from the Middlebury College in Vermont, and later from Union Theological Seminary in New York City. In the year of 1865 he came to Long Beach and since then he has been identified as a deacon and member of the Congregational Church.

Surviving Dr. Wolcott are his widow, Mrs. Roswell Wolcott, and two daughters, Miss Mary Wolcott and Miss Lucy Wolcott, prominent in educational and musical circles in this city.

The funeral service will be held Friday afternoon at 2:30 o'clock in the Congregational Church, 1448 Elm avenue. Interment will be in the cemetery.

SERVICES FOR PRISONERS. (LOCAL CORRESPONDENT) MONTEBELLO, Dec. 29.—Annual services were held here today in honor of Brother George Chillogue, O.E.B., who died at his home Wednesday.

Resident high mass was celebrated by Father Germaine at 8 a.m., with interment in the cemetery.

Brother Chillogue was a native of France but had resided in Montebello for the last seven years. He died after a short illness.

REVIVE ORGANIZATION. (LOCAL CORRESPONDENT) COVINA, Dec. 29.—The Chamber of Commerce here today held a meeting to revive the organization now consists of 100 members each pledged to pay the dues. An active committee is being formed. An active committee is being formed. An active committee is being formed.

New officers are: President, George F. Smith; vice-president, Gordon Smith; treasurer, and J. E. Smith.

of San Dimas, secretary.

When we say Today's Franklin goes farther than any other car in meeting present motoring requirements, we mean exactly this:

- the most comfortable car to ride in
- the easiest and safest car to handle
- the most economical car to operate
- the car that is freest from trouble
- and can cover most miles in a day

There are good reasons for these broad statements. Reasons which begin with essential differences in construction—and end with marked differences in actual results.

People now fully realize that a car's value involves how it is built and what it does.

All of these things account for last year's splendid sales record and the fine reception of Today's Franklin.

FRANKLIN

Sold twice as fast as the industry in general in 1921

THE following points are different from common practice, and important in meeting the requirements of to-day:

CASE-HARDENED CRANKSHAFT

Outlasts any other three shafts. The only car with this big endurance feature. Seven main bearings (instead of the usual three) reduce vibration.

DIRECT AIR COOLING—NO WATER

More efficient, weighs less, has 177 fewer parts. Does away with radiator troubles, cuts routine care, allows chassis flexibility, reduces carbon.

LAMINATED WOOD FRAME

More costly to build, but lighter, stronger and more shock-absorbing than steel. Increases comfort, permits wheels to conform to road without straining body.

FOUR-POINT BODY SUSPENSION

Here again is flexibility, impossible with cars having body rigidly bolted to frame the entire length. Prevents squeaks and strains.

TWO-POINT SPRING SUSPENSION

See what this does to rigidity, the enemy of comfort, safety and long life. And to noise—no shackle bolts.

NO TORQUE TUBES OR STRUT RODS

Another contribution to flexibility. Allows springs to absorb jar of starting, stopping and road jolts. Also eliminates unnecessary weight and noise.

FULL-ELLIPTIC SPRINGS

Give almost twice the usual spring movement. Deaden road shocks. More costly than semi-elliptic or other kinds, but important for comfort. Absorb the forces that cause skidding.

LIGHT UNWEIGHT WEIGHT

Less weight below springs than any other car. Reduces reaction of road roughness against tires, body and passengers.

A New Standard for Demonstrations

A lot of cars have been bought in the past on impression, a short demonstration, and a big hope for the best. We want people to know what they are getting before they buy. So we have set a new standard of demonstration—50 to 500 miles, or more. You will like the Franklin's simple starting system, the security you feel when driving, the absence of radiator and tire troubles, the freshness after the trip. The harder the going, the better, because the Franklin possesses advantages that no other car has. It goes when and where others cannot. Go to any Franklin dealer. His time and car will be at your service for this purpose at any time convenient to you. It will pay you to know the Franklin.

TUBULAR FRONT AXLE

Made of drawn steel tubing. More expensive to produce, but is stronger, lighter and free from hidden flaws.

SCIENTIFIC LIGHT WEIGHT

Quality materials of great strength properly used to equalize stress. Distributes load evenly. Lengthens tire life, gives comfort, easy handling and economy.

GENEROUS USE OF ALUMINUM

In body, engine base and oil pan, rear axle housing, etc. Saves 440 lbs. in enclosed types, 350 in open. Costs 800% more than materials it replaces. A big factor in Franklin light weight and quality.

PATENTED LONG-TYPE ALUMINUM PISTONS

Combine advantages of cast iron and of ordinary aluminum types. Silent, longer-wearing, allows higher engine compression, quick acceleration.

NON-STALLING ENGINE

A cowl switch does it. No pushing of pedals—no meshing of gears. A powerful safety factor.

CARBURETOR ADJUSTABLE FROM DASH

Carburetor adjustment possible with car in motion, meeting varying conditions. Prevents gasoline waste, insures maximum power.

COLD WEATHER STARTING DEVICES

Strong starter, improved electric vaporizer, closed circuit ignition system—hotter spark. Makes starting instant, easy and dependable, regardless of temperature.

ELIMINATION OF GREASE CUPS

Wick oiling eliminates all but three, which are easily reached. Lightens routine care, guards against damage due to neglect.

PRESSURE OILING TO BEARINGS

Makes oiling positive, constant, and equal—not a matter of chance. Saves many repair bills. Reduces carbon.

NEW USE OF DROP FORGINGS

In load-carrying parts. Increases endurance, saves repair bills. The first car to embody this advance in construction.

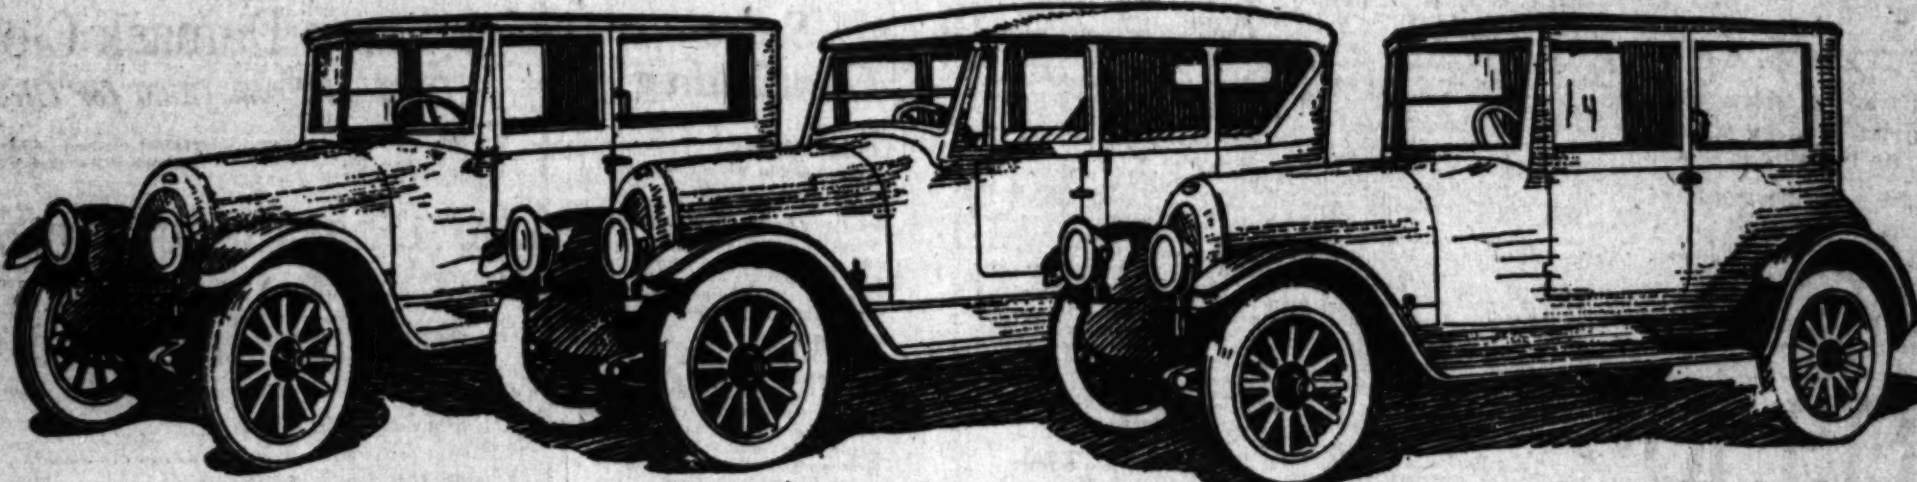

SAFER BRAKING SYSTEM

Service and emergency brake areas separated, insuring cool brakes. Service brake on transmission acts through differential equally on both wheels. Multiplies braking force, prevents skidding.

AUTOMATIC SPARK CONTROL

Relieves the driver of guessing. Insures correct timing at all speeds. Saves engine—saves gasoline.

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Average)

The SEDAN The first stock Sedan in America, and the most practical one, ever built. Enclosed car comfort for 5 passengers, at no sacrifice of Franklin roadability. Two doors, wide windows, slanting V front, giving broad vision for driver and passenger.

The DEMI-SEDAN The most serviceable year-round car. Combines the advantages of open and enclosed types. Quick-removable, non-rattle glass panels permit three distinct degrees of weather protection. Seats arranged as in Touring Car. Four doors.

The BROUGHAM An enclosed car with special features which distinguish it as a personal car for men in business or professions, and for women in their social duties. Cozy for one or two, commodious when carrying four. Another type original with Franklin.

HUNT NEW MAN IN MAIL THEFT.

Police Hope to Take Third Suspect Here Soon.

Truck Driver Fails to Link Prisoners With Hold-up.

Cash in Safe Deposit Box is Seized by Police.

Information tending to show that a third suspect in the mail theft case, involving theft of approximately \$2,500,000, is still hiding in Los Angeles, was turned over to the Sheriff's office last night.

Postoffice inspectors and deputy sheriffs working on the investigation had reached the opinion that the third and fourth men sought had slipped through the dragnet and temporarily evaded capture. The tip given last night, however, instilled new hope that at least one more arrest will be made within a few hours.

The information was turned over to Deputy Sheriff Dewar, who immediately advised with Chief Deputy Manning. Officers were detailed to ferret out the hiding place.

DAY'S DEVELOPMENTS. Three other salient developments yesterday in the investigation affecting Herbert Wilson, former minister, and Herbert Cox, the two men charged by Federal authorities with looting a mail truck of \$150,000 at First and Alameda streets several months ago, were:

(1) Nelson Grimes, driver of the mail truck which was robbed on Alameda street failed to identify either Cox or Wilson.

(2) A safe deposit box in the First National Bank held in the name of Herbert Wilson was searched and \$30,000 in cash seized.

(3) Several acquaintances of Wilson, including two prominent physicians, were questioned in Postoffice Inspector Cookson's office regarding their knowledge of the asserted bandit's actions.

Mr. Grimes was present at the arraignment of Wilson and Cox before U. S. Commissioner Long. He is still in the postoffice service, and was called from his home to try to identify the two men. He was learned yesterday that he was unable to say whether or not they were the men who had held him up.

Is common with all the govern-

SEWER OPPONENTS LOSE.

Council Denies Protests After Hearing on Wilshire and Hollywood District Storm Drain.

Following a hearing which lasted several hours, the City Council, by a vote of 7 to 1, yesterday denied the protests of property owners against the proposed construction of the \$2,500,000 Arroyo de la Sacatula storm drain system to be built in the Hollywood and Wilshire districts. The vote was, for denying the protests, President Griswold and Councilmen Conaway, Langdon, Mallard, Sanborn, Sparks and Wheeler; opposed to denying the protests, Councilman Allan. Councilman Muehle, who is ill at his home, was absent.

The ordinance of intention having been already adopted, the next step will be for the City Council to adopt, early next week, the final ordinance calling for the building of the system, and then will come the presentation of the individual assessments against the \$7,000 property owners in the district, and Councilman Conaway, who voted for denying the protests,

ment officials having anything to do with the case, the lips of Mr. Grimes are sealed, but the information of his failure to identify the men was secured from a source that cannot be questioned.

The seizure of the \$30,000 from Wilson's safe deposit box was made by Deputy U. S. Marshall Blakely. He turned the money over to Commissioner Long, who in turn, gave it into the custody of Charles N. Williams, clerk of the United States District Court, at the suggestion of U. S. District Judge Bledsoe. This makes \$25,000 in bonds and money secured as the property of Wilson, and a \$1000 bond in the name of the municipality of Henderson, Ky. These bonds were taken from a safe deposit box in the name of Mrs. Herbert Cox.

EXPERT FLY CASTER. The acquaintances of Wilson questioned yesterday could give no information of value, it was learned. The two physicians, in particular, had merely accompanied Wilson on fishing excursions. Wilson is an expert fly caster, and has given exhibitions at Western Park.

Special Deputy Clement H. Smith, 3861 South Harvard Boulevard, reported to Under-Sheriff Bledsoe yesterday that he had known Wilson in Brownsville, Or. Wilson was a Baptist pastor there

said that the Council would make every effort to equalize the assessments, and spirited public hearings are expected when the assessment roll comes before the Council for approval.

The speakers against the proposal to build the storm drain system declared that as the assessment district is now laid out, hundreds of property owners who will not be benefited by the improvement will be taxed; that a majority of the property owners in the district are opposed to the improvement; and that the emergency storm drain work could be done now and that later as building costs are reduced, other sections of the system could be built. Those speaking against the putting through of the contemplated system included Paul W. Burke, George W. Fennimore, and L. Heffner, while those speaking in favor of the improvement included Geoffrey Edwards, S. Groman, Councilman Wheeler and City Engineer Griffin.

For six months, according to Deputy Smith, and was highly regarded in the community. This was in 1915-16. Mr. Smith said he was well acquainted with Wilson at that time, and that he resided in the same neighborhood. Sheriff Trager, Chief Deputy Manning, and Deputies Courts and Bell continued the hearing. The general postoffice inspectors last night in the search of other suspects. A possible rendezvous of the suspects were under close watch.

IDENTITIES WILSON. (SPECIAL AGENT IN CHARGE.)

BROWNVILLE (Or.) Dec. 29. A Christmas card sent to Mrs. Fred Gutman of Brownsville by Mrs. Herbert Wilson of Los Angeles definitely identifies Wilson, held as a suspect in wholesale robberies there, as a minister who was the pastor of the Brownsville Baptist Church seven or eight years ago.

Wilson went to Oregon from Canada. It is understood that he had preached previously and that he belonged to the Plymouth Brethren or some such sect. He went to Brownsville, Or., where he received an endorsement by well-known citizens. He then came to Brownsville with his wife, Alice, and their two children. They were here one year.

While he was pastor here Wilson and his wife lived with the Gutman family. Mrs. Gutman says Wilson told her he had a furniture and hardware store in Canada. When he left her he returned to Canada to dispose of property and then went to California.

A brother, Joe Wilson, came to Brownsville while Wilson was preaching here and Mrs. Gutman understands that his brother is now in Los Angeles. Mrs. Wilson told Mrs. Gutman that her husband could not make good financially at preaching and that he was going to change his occupation.

It is remembered here that Wilson was worried at the time of the World War for fear he would be drafted into service by the English government. He had not yet taken out citizenship papers in this country. He was known here as a peculiarly silent man, scholarly in appearance but poorly educated, to judge from his conversation. He did not mix with the members of his church and was little known to the people of the community.

PLANS STEP TO FINANCE CATTLEMEN

Association Meets Here to Form Loan Company to Tide Over Depression.

The formation almost immediately of a cattle loan company having for its principal purpose the advancement of the interests of financiers and cattlemen of Southern California and the contiguous range country of Arizona will be the probable outcome of a session yesterday of the Southern California Cattlemen's Association, called at the request of Fred H. Bixby, past president of the association and one of the principal cattle raisers of the Coast. In his call Mr. Bixby acted on instructions of Ralph Merritt, representative for California of the War Finance Corporation, which has the expending for the benefit of cattle raisers of the country of \$7,000,000 of an original appropriation of \$1,000,000, 60 percent of the latter sum to be expended by the War Finance Corporation in the post-war period of depression of the industry.

Mr. Merritt has just returned from a conference in Washington with Eugene Meyer, head of the War Finance Corporation. Financiers and cattlemen who took part in the discussion agreed on the advisability of organizing a cattle loan company which, in addition, it is stated, to reducing the cattlemen's present rate of interest, will take care of loans at present being advanced through the War Finance Corporation when the latter passes out of existence next July.

A delegation of twenty-five cattlemen will leave Los Angeles, it is stated, on January 2, to attend the national cattlemen's convention which opens on January 12 in Colorado Springs. Members of the local organization plan an effort to elect Mr. Bixby national president, and to bring the 1932 convention to this city.

ASSAULT VICTIM DIES.

Woman Arrested as Drunk Had Fractured Skull.

Mrs. Sarah Barnum Smith, aged about 53 years, who was found by Patrolman Conkey early Sunday morning unconscious in a Japanese rooming-house on East Second street, died at the County Hospital early last night.

Circumstances surrounding the case lead the police to believe that the woman may have been assaulted. She was first taken to the City Jail on a charge of intoxication, but receiving Hospital surgeons discovered her skull was fractured and she was removed to the County Hospital. A post mortem examination will be held. Deputy Coroner MacDonald stated.

SIX MILLIONS IN SCRAP OF PAPER

Payment for North Island is Received Here.

Is Result of Protracted Fight in Courts.

Property "Thrown in" by the Original Sellers.

A bit of paper, calling for the payment by the United States Treasury to the Coronado Beach Company of \$6,000,000, was received by Charles N. Williams, clerk of the United States District Court, yesterday.

It was the most valuable piece of commercial paper ever handled in the Federal Building. The money represented an appraisal of the value of North Island, owned by the Coronado Beach Company, of which John D. Spreckels is the principal stockholder, the land being desired by the government for an aviation station.

An action was brought by the government to condemn the property, it being contended in the first trial, that under the terms of the acquisition of the property from Mexico by the United States, North Island was reserved for the use of the government in case of war without cost, through condemnation.

This issue was tried before U. S. District Judge Trippel, who found that if the government wanted the island, it should pay for it. This judgment was appealed from to the United States Supreme Court and affirmed.

Then the question of the value of North Island arose, and a second hearing was had in San Diego, before a jury and Judge Trippel. The jury fixed the value at \$5,000,000. The difference between this and the \$6,000,000 asked for by the government, represents interest and other charges that have accumulated since the rendition of the judgment.

With the final action of the United States Supreme Court, it then then up to the government to either pay the judgment or to abandon North Island, where millions of dollars have already been invested in the construction of a military and naval equipment.

The War Department decided to take North Island at the price fixed. It now will be necessary to get a formal decree of condemnation from the United States District Court, and an order distributing the proceeds of the draft to the Coronado Beach Company.

It is one of the interesting features of the case, that the records show when North Island was originally decided to the predecessors in interest of the Coronado Beach Company, it was thrown in for good measure on the purchase of Coronado Island and did not cost the original owners a cent.

INQUIRY ON MYSTERIOUS DEATH SHOT

Stories of Wounding of Man Differ; One Version Mentions "Peeping Tom."

The mysterious shooting of Wilfred E. Tarpey, who died at the Pacific Hospital Tuesday night from a bullet wound in the neck said to have been inflicted at Huntington Beach on the night of November 21, has instigated an investigation by Orange county and local officials.

Two stories about the case have been told to officers. Mr. Tarpey's mother told officers that he was riding in an automobile on the night of November 21 with a man known to her as "Jim." In the course of the ride the car broke down and while the two men were tinkering in an attempt to repair it a stray shot was fired, she said. The bullet, she declared, struck Mr. Tarpey in the neck.

The victim of the shooting gave a different version during the month he was confined in the hospital. According to attendants he said he was attending a party at the beach with two women and another man on the night of November 21, and that some one, possibly inspired by jealousy, fired a bullet through the window.

As a result of the investigation, officers have been informed that a "peeping Tom" was shot at by the wife of a Huntington Beach oil worker on the night of November 21. The oil worker went to Santa Ana yesterday to advise deputy sheriffs of the occurrence. His wife, he told the deputies, is a member of a prominent Fullerton family. She was alone in the house with her 3-year-old son when a man entered the house, threatened to burn down the house unless he was admitted, it was stated. Then she fired one bullet through the window. The name of the woman was not divulged.

IN BANKRUPTCY COURT. The Trade Printing Company, with a claim for \$332.85; Rudd & Lentz, 1526, and the Southern California Box Company, with a claim of \$1338.67, filed a petition in the United States District Court yesterday, asking that the Coconut Products Company of this city be declared bankrupt. Acts of bankruptcy are charged against the corporation.

Evening Gowns Reduced

1/2—1/3—1/4 In Clearance

Models for Women and Misses

A surprisingly comprehensive group selected from among Hamburger's beautiful formal and informal evening models.

A group of misses' lovely evening frocks, formerly \$9.50 to \$6.50, now 29.75 to 49.25. Many women's formal and informal evening frocks, formerly 75.00 to 249.50, now 37.50 to 124.75.

Also groups, exquisitely simple or more elaborate, marked 1-4 to 1-3 less.

Fur Coats Reduced

Our entire regular stock of Fur Coats has been reduced to hurry-away prices. To it has been added a selected group of stoles, scarfs and chokers at special clearance prices.

Reductions in all cases have been amply generous. In many instances reaching as high as 50%.
